### Ideal candidates should have:

- EEC Preschool Teacher Certification (or background in education and/or a willingness to pursue certification).
- Genuine love for and interest in the work of young children.
- Familiarity with Reggio-inspired, inquiry-based early education approach.
- A solid knowledge of child development and process-oriented, play-based learning.
- A deep appreciation for nature and a desire to find inspiration and integrate materials from the natural world within the classroom and learning experience.
- The ability to create an inspiring and engaging learning environment where children experience joy and a sense of wonder, both inside our beautiful building and on our expansive outdoor grounds.
- The capacity to create warm, nurturing and professional relationships with children, families and fellow educators. The ability to interact collaboratively with colleagues and families.
- A commitment to celebrating cultural diversity and respect for diverse learners.
- Excellent verbal and written communication skills and ability to work both cooperatively and independently on a co-teaching team.

### How to apply:

- Interested candidates should send their cover letter, resume & references to: [employment@cnslex.org](mailto:employment@cnslex.org).
- Applicants must clear a full background check (EEC Background Record Check including fingerprinting), and have documentation of a current physical exam, & CPR/First Aid Certification (or commitment to taking the course - for which CNS will pay).
